

SONGANG (SEVEN) LI

Toronto, ON | 2303779642@qq.com | github.com/seven2303779642-lab | yunshang.ca

SUMMARY

Information Technology student at York University with hands-on experience delivering production websites for real businesses. Skilled in responsive front-end development, bilingual websites, visual QA, Git-based workflows, and AI-assisted development. Seeking 2027 new graduate, internship, or junior web development opportunities in Canada.

TECHNICAL SKILLS

Front End: HTML, CSS, JavaScript, TypeScript, React, Next.js

Tools and Platforms: Git, GitHub, Vercel, Webflow, Cursor

Development: Responsive design, component-based development, bilingual websites, content configuration, visual QA, deployment

AI Workflow: ChatGPT, Claude, DeepSeek for requirements breakdown, implementation support, debugging, and review

SELECTED PROJECTS

Yunshang Rice Noodle Official Website Rebuild | yunshang.ca | Jun 2026 - Jul 2026

Front-End Developer

- Rebuilt a production bilingual restaurant website using Next.js, React, and TypeScript.
- Developed responsive pages for menus, locations, events, and company information, including mobile interactions and reusable content configuration.
- Performed visual QA, responsive testing, bug fixes, Git version control, and deployment; the site is now used as the company's official public website.

SMME Full-Page Brand Landing Page | Jul 2026

Front-End Developer

- Built a responsive full-page landing experience with Next.js, TypeScript, Tailwind CSS, and Framer Motion.
- Implemented full-page scene navigation, numbered scene controls, responsive image assets, mobile layouts, and motion effects.
- Managed source control and deployment through Git and Vercel.

Viva Wellness and Rehab Website | Feb 2026 - Mar 2026

Webflow Developer

- Built and launched a responsive clinic website in Webflow, including page structure, visual implementation, content setup, and basic interactions.
- Completed multiple feedback rounds and production updates; the original Webflow site was later replaced during a team-led technology migration.

EDUCATION

York University | Expected Jun 2027

Bachelor of Arts in Information Technology | GPA: 7.00/9.00 | Toronto, ON

Relevant coursework: Web Technologies, Programming, Information Systems, Data Analytics, Networking, Database Concepts
